After School program

From the Community House School

We will begin our science unit on butterflies as each class will grow butterflies from the larvae stage and observe how they transform into beautiful monarch butterflies.

In addition to our spring curriculum we will celebrate the week of the young child by planning special events throughout the week of April 8th - April 12th.

The children will participate in our annual Egg hunt in the garden looking for treats and hopefully they will see the Easter Bunny hop by in the playground.

The students and staff at the CITG Community House School wish everyone a joyous Passover and a happy Easter!
