From the Community House School

March curriculum includes learning about our favorite early childhood authors such as Dr. Seuss, Eric Carle, Maurice Sendak and others as the children develop and enhance their literacy skills. We will enjoy their books and we hope to have some parents come and read as mystery readers to the children.

We are all excited about welcoming Spring through arts and crafts and musical activities.

Before you know it will be fall and the new school year will be upon us.

Now is the time to register and tell a friend about the Community House School.

There are a few spots available for children ages 2 -3 years old in the half day classes and a few spots in the full day class for children 3 & 4 years old. We also offer a moms & tots program for children eighteen months old. Contact the school to schedule a tour and have your child experience this exceptional early childhood program. With small teacher to child ratios your child will receive the personalized attention they deserve. Our safe, caring environment is designed to engage and nurture your child's development.
